CHS Healthcare Executives To Speak At HRSA Sponsored OHIT Workshop

Naples// - Immokalee based CHS Healthcare has been invited to participate in the upcoming two-day HRSA sponsored OHIT Workshop which will take place June 30 - July 1, 2009. Steve Weinman, Executive Vice President and Chief Operations Officer, CHS Healthcare and Jerry Williamson, MD, FAAP, LHRM, Chief Medical Officer, CHS Healthcare will speak at the workshop among a host of high profile speakers.

The workshop, developed by the Community Health Centers Alliance (CHCA) at their network **headquarters in sunny St. Petersburg, FL**, will offer statewide subject matter experts who will share perspectives on Electronic Health Record (EHR) system implementation and strategies for achieving meaningful use through Health Information Exchange and e-Prescribing, as well as legal, financial, and data systems management. Considerations for business continuity planning, the clinician's role in system development, and cost containment strategies will be shared. A special break out session for Senior IT leaders to visit a commercial data center and explore the challenges of hosting a system is also planned (limited registration available). To obtain more information on CHCA or to register for the workshop go to www.chcalliance.org. For information on CHS Healthcare go to www.collier.org.
